MOTHER

**“Many thanks we give to her,
each and every day
for doing lots of things for us
in her own special way.**

**Cooking, cleaning, ironing,
her work is never done.**

**There’s hardly any time left
for her to join the fun.**

**She never forgets your birthday,
a party she will give,
in hopes that you will have
a very long life to live.**

**She dresses you in the morning,
and sends you off to schools
in hopes by evening,
you’ve learned the Golden rules.**

**She’s the one that sits up with you,
when you are sick at night, and reads
you a bedtime story, in hopes that
it might ease your pain and make you well.**

**Boy!!! This person is really swell.
Who am I talking about. We all know. Why
of course, it’s a Mother who loves us so”**
